What is Wood Badge?

In 1911, Baden-Powell took his first steps in training Scouting's adult leaders by organizing a series of lectures. The first Wood Badge training session was held in 1919. Since then, Wood Badge training has continued to evolve in order to meet Scouting's needs. Wood Badge focuses on preparing adults to deliver the mission of Scouting. As a result of attending Wood Badge training, you will:

- Acquire contemporary leadership concepts and discover how these apply to our values- based program.
- Understand Scouting as a family of interrelated, value-based programs providing age appropriate activities for youth.
- Revitalize your commitment to Scouting by sharing in an inspirational experience.

How is Wood Badge presented?

Wood Badge consists of two phases. The first phase is the practical phase, which consists of two weekends at camp plus a mid-week patrol meeting between the weekends. The second phase occurs after the weekends and consists of "working your ticket."

What is a ticket?

The Wood Badge "ticket" represents your commitment to complete a set of goals related to your Scouting position. The ticket gives you an opportunity to practice and demonstrate a working knowledge of the leadership skills presented during the course. You will complete your ticket no later than 18 months after the course.
